

Transnational cooperation offer

Local Action Group Name: GAL Convivencia - PAYS COEUR D'HERAULT

Region : Languedoc Roussillon **Country :** FRANCE

City: CLERMONT L'HERAULT

Website : <http://www.coeur-herault.fr/leader>

Summary of project idea: This EU cooperation project will be associated to a research-action project which is studying sustainable land management and planning issues (linked to agricultural building in rural/urban areas) in the Hérault district. We are looking for European partners who are working on similar topics.

Local context in which the project is going to operate (starting situation): Actions and activities will involve especially local partners, situated in Pays Coeur d'Hérault land, and European partners.

Land description : *Pays Coeur d'Hérault* is an area bounded on the South by the coastal towns of Sete, Agde and Beziers, on the East by the town of Montpellier, on the west by the *Pays of Haut Languedoc*, on the North-East by the *Cevennes*, on the North by the *Aveyron Causses*. This gives it a strategic key position with high potential topics. This area benefits of relative centrality located at the intersection of two main national roads, the A75 and A750. Pays Coeur d'Hérault land federates 77 municipalities with 70 000 inhabitants, living in a rural area (1 300 km²).

Project objectives, target group and activities :

- Exchange and transfer of experiences and methodologies, defining common strategy and action plan, implementation of joint actions ;
- Communication, organization of technical seminars, training and exchange programs, meetings between local and/or expert actors.

Type of partner we are looking for : Public and private sector (associations, scholars and universities, entrepreneurship, training and research institutes..)

Countries in which we are looking for partners: EU member States
