YOUTH AND YOUNG FARMERS WORKSHOP

@ Brussels, Belgium

DEAR PARTICIPANTS,

The workshop is designed to let you share your view, experience and knowledge about developing engaging, youth-focused projects in rural areas. By presenting real-life examples of successful projects and initiatives already implemented across Europe and creating a space for lively discussion, the objective is to:

- show what Rural Development Programmes already offer young people and to see how to improve it;
- identify potential solutions to the challenges young people face in rural areas; and
- provide inspiration to kick-start innovative project ideas back home!

We hope you will enjoy being part of this workshop!
