

# SUSTAINABLE ENERGY WEEK 18 - 22 JUNE 2012

Public participative event

## Energy Solutions in rural and mountain areas

co-organized by

RURENER, EUROMONTANA, FREE INITIATIVE

and many other rural energy actors!

Save the date!

19 June 2012

2.00 pm to 5.30 pm

Scotland House, 6 rond-point Schuman, Brussels

### Objectives of the event:

- Highlight **innovative solutions** and successful experiences implemented by small rural and mountain communities.
- Gather together private and public, local, national and European actors dealing with rural energy who wish to **learn from each other** to improve the situation.
- Produce **proceedings** collecting the feedback and ideas shared by the participants to **assess the progresses and disseminate results**.
- Building and **strengthening relationships** among rural energy stakeholders, offering **opportunities for development of local energy projects**.

### Organisation of the event:

- Designed to share experiences and results, this event includes several participative workshops where **each participant becomes a speaker and a spectator**.
- **Cocktail** closing the event.
