

Project title
A garden for everyone in rural area (especially gardens in terraces, on the slope, walled gardens, allotments in or near villages)
Summary of project idea
<p>Regarding to demographic growing and social development, more and more inhabitants of Monts d'Ardèche are looking forward a place to make their own or shared gardens.</p> <p>In this context, the LAG of Monts d'Ardèche believes it is necessary to make possible for everyone to cultivate a garden in an objective of sustainable development: self-production, biodiversity (seeds, water,...), a place to be and enjoy (meetings, solidarity, dream, art and culture), and at least also a place to reinvent cultural heritage knowledge for tomorrow.</p>
Project objectives, target groupe and activities
<p>A garden for everyone to :</p> <ul style="list-style-type: none"> • Self-produce • Respect environment • Dream, learn and meet artistical forms • Reinvent cultural heritage knowledge for tomorrow <p>A sustainable development project : cultural, environmental, economical and social development</p> <p>Target group : young people, inhabitants and new inhabitants</p> <p>Activities :</p> <ul style="list-style-type: none"> • Analyze, compare and share typicality of several gardens in different countries (access to land, seeds variety, genetically modified organisms, amenity, well-being, practices, cultural heritage knowledge, ...)... • Find the solutions to develop the types of gardens in the territories concerned by the transnational cooperation project <p>Examples for commons activities</p> <ul style="list-style-type: none"> • Exchanges of practices between territories • A contest of sustainable gardens • Involvement of citizen to develop sustainable gardens • Cultural events in gardens • Acces to allotments
Local context in which the project is going to operate (starting situation)
<p>The LAG Monts d'Ardèche has decided to engaged a transnational cooperation project above gardens, considering the great number of links with its target priority: maintaining and welcoming an active population</p> <p>The natural park of Monts d'Ardèche (the sponsor structure of the LAG) is engaged in several projects regarding gardens ("welcoming nature in the garden"; 2013-2025: a territory without pesticides...).</p> <p>Welcoming nature in the garden: since 2011, we are working to develop biodiversity gardens by several actions : training, network of biodiversity gardens, the 10 rules for a sustainable garden without chemical products... Visit the website of this project : http://www.parc-monts-ardeche.fr/v1/rubrique.php?id_rubrique=273</p> <p>Many partners are actually concerned by this theme and experts on gardens came or are living here (network of shared gardens, Pierre Rabhi: agroecology, Gilles Clément: landscape, Louisa Jones: mediterranean gardens...).</p>
Budget

The LAG has actually a budget for transnational cooperation; this budget can be increased if necessary.
