

Governance – shared issues

Relations between
sector/regional dev./social
policies

Weak Co-ordination/
co-ordination mechanisms

Targeting (small farms,
poors, environment, etc.)

Institutional capacity

Governance – specificities

Codified approach in EU

Emphasis on social policies

Types of actors involved in
the process of design and
management of policies

Concept of rural
development in some
countries

Common challenges for the future rural paradigm

Meaning of territorial approach

(conceptualization, advantages/disadvantages, communication)

How to promote joint policies through a territorial approach?

Role of de-centralisation/devolution of policies at lower levels

How to promote inclusion in design and implementation of policies ?

Is public-private partnership the only effective mechanism to generate co-operation?

Role of networks
