

EvaluationWORKS!
2019

ITALY

MAIN OBJECTIVES OF THE EVENT

- Achieve a shared understanding on the quality of the evaluations.
- Collaboratively draw lessons to increase the quality of future evaluations.
- Reflect on how the ex ante evaluation of the CAP Strategic Plan 2021-2027 can be most useful.

'Sharing experiences and nurturing discussions are key activities to achieve better quality ex post evaluations.'

Vincenzo Angrisani and Carlo Ricci, Helpdesk Geographic Experts

16 October 2019

Rome

From the AIR in 2019 to the ex ante evaluation of the CAP Strategic Plan

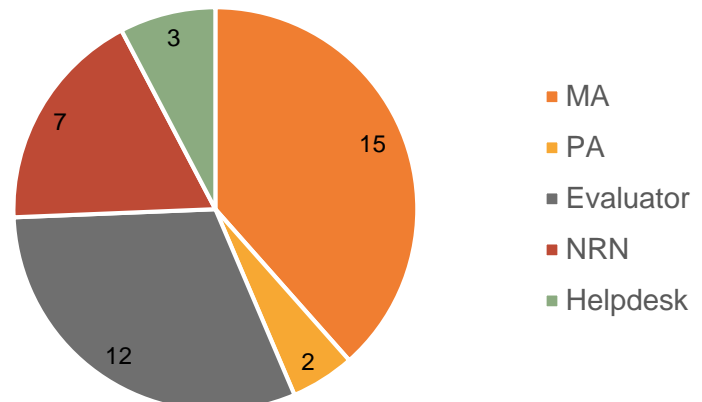

MAIN STRENGTHS OF THE EVALUATION PROCESS IN THE AIR 2019

- Use of proxy indicators/additional data for measuring effects.
- Use of other regional Programme to monitor certain effect (e.g. poverty).
- Use of naïve and qualitative methods.

MAIN WEAKNESS OF THE EVALUATION PROCESS IN THE AIR 2019

- Time frame to measure effects
- Lack of territorial data.
- Measurement of indirect effects of other measures.
- Overlapping among CEQs.
- Lack of SG/involvement of stakeholders.

Participants of the EvaluationWORKS! 2019

Main Support Needs

From NRN

- LAG monitoring system in place and fully operational.
- Exchange on practices on evaluation of innovation (e.g. Evaluation Conditionalities).
- Define a handbook for structuring timely the ex post evaluation.

From EC

- Foresee more events for exchange of practices among evaluators.

From PA

- Territorial data more available.

Facilitation of the meeting

Overall participation of attendees in discussions

Relevance of the content of presentations

Level of knowledge of attendees before the workshop

Usefulness of the exercise for understanding the content

Level of knowledge of attendees after the workshop

Overall organization of the workshop
