AGRICULTURE & INNOVATION

European Rural Networks'
Assembly

Subgroup on Innovation for agricultural productivity and sustainability

6th Meeting
20 October 2016

FINAL AGENDA

EIP-AGRI Service Point,
VLM, Conference Room, 3rd floor,
Avenue de la Toison d'Or 72,
1060 Brussels, Belgium

Subgroup on Innovation

6th Meeting – 20 October 2016

The meeting will focus on shaping the work plan 2017 of the EIP-AGRI network, based on a careful analysis of the needs and proposals of agricultural innovation actors, against the background of the work carried out by the network since 2013. The conclusions of the meeting will inform the third meeting of the Rural Networks' Assembly, scheduled on 1 December 2016.

The operational objectives of the meeting are:

1. To have an in-depth discussion of the topics to be covered by the thematic work of the EIP-AGRI network in 2017. Discussions will be organised around five themes, identified on the basis of:
 - the priorities indicated by the Subgroup at its 5th meeting
 - a first analysis of the topics covered by the calls for OGs in the Member States
 - the input received from different types of stakeholders through the EIP-AGRI website and at networking events and other activities
 - the indications provided by the Rural Networks' Steering Group
2. To provide input for capacity building and peer-to-peer activities in 2017, in particular regarding the networking of OGs at EU level and the role advisers can play within the EIP-AGRI
3. To prepare for the third meeting of the Rural Networks' Assembly scheduled on 1 December 2016

A summary of the topics proposed and of past relevant activities will be shared with the Subgroup's members before the meeting, in order to allow members to consult in advance with the innovation actors they are in contact with and express informed views during the meeting.

FINAL AGENDA

Timing	Agenda Item
08:00 – 09:00	Registration and welcome coffee
09:00 – 09:30	<ul style="list-style-type: none"> ▪ Welcome and introduction to the meeting (<i>Antonella Zona, DG AGRI</i>) ▪ Report from the Cork Conference on rural development of 5-6/9/2016 (<i>Iman Boot, DG AGRI</i>) ▪ Update on past and ongoing activities concerning farm data management and digitisation (<i>Iman Boot, DG AGRI</i>) ▪ Report from the EIP-AGRI workshop "Cities and Food" (<i>Inge Van Oost, DG AGRI</i>)
09:30 – 10:45	<p>Interactive Session I “Shaping the thematic work for 2017”</p> <ul style="list-style-type: none"> ▪ Introduction by <i>Antonella Zona, DG AGRI</i> <p>1st ROUND: Break-out sessions in 3 groups:</p> <p><i>N.B. the topics indicated under each heading result from previous input of the Subgroup on Innovation, OG calls, EIP-AGRI website etc. Discussions will also touch upon which type of activity would be most suitable for each topic.</i></p> <p>A. DIGITAL FARMING</p> <p>Topics under this heading include data management at farm level; big data management (by institutions and big firms) having impact on farms; Internet of Things for agribusiness; ...</p> <p>B.
