

# Secondary legislation on monitoring and evaluation of the new CAP

*GREXE, 17 September 2021*

# Monitoring and Evaluation of the new CAP

	Monitoring and Evaluation elements	Legal basis (SPR)
Member states	<ul style="list-style-type: none"><li>– Ex-ante evaluation of the CAP</li><li>– Evaluation of CAP plans (Evaluation plan and Ex-post evaluation)</li><li>– Provision of data to the EC</li></ul>	Art. 125 Art. 126  Art. 129
European Commission	<ul style="list-style-type: none"><li>– Multiannual evaluation plan</li><li>– Interim evaluation (not only a synthesis)</li><li>– Ex-post evaluation EAGF &amp; EAFRD (not only a synthesis)</li><li>– Summaries and Reports to the European Parliament and the Council</li></ul>	Art. 127 Art. 128

# Implementing Act (art. 120 and 129)

- To define the PMEF elements under art. 115 of the SPR with regards to monitoring and evaluation of the CAP
  - the ex post evaluation and all other evaluation activities of the CAP Strategic Plans (mainly evaluations carried out by MS during CAP plan implementation, following a common approach for all MS and the minimum content of the evaluation plans)
  - indicators' calculation methods;
  - regular reporting on monitoring and evaluation activities (evaluation plans)
  - data collection, storage and transmission;
- To define the data needs for monitoring and evaluation (DNM&E) to be provided by MSs according art. 129 of the SPR

# Working packages

**WP1: Calculation methods of indicators in Annex I**

**WP2: Data needs for Monitoring and Evaluation**

**WP3: Common approach for evaluations**

**WP4: Evaluation plans**

# Working packages

## **WP1: Calculation methods of indicators in Annex I**

To provide MS calculation methods and/or data sources for each Output, Result and Context/Impact indicator in the Annex I of the SPR.

*Work in progress and well advanced*

# Working packages

## WP2: Data needs for Monitoring and Evaluation

Information on implementation of the CAP plans needed for monitoring and evaluation

- Set of data for monitoring and evaluation
- Reporting system: timing and transmission system.
- Calculation methods (when needed)

The request for data is only for the relevant interventions to be monitored/evaluated and not a general request for all data.

*Work in progress*

# Working packages

## WP3: Common approach for evaluations

### Common elements for evaluations

- A set of Common Evaluation Questions for the CAP objectives and for the evaluation criteria (effectiveness, efficiency, etc.) to be used in evaluations
- Common judgment criteria and indicators to be used (TBC)
- Indicators to be used other than those of Annex I for the appropriate monitoring and evaluation of the CAP **ONLY IF NEEDED!!**
- Structure of the ex-post evaluation
- Guidelines to be developed

# Working packages

## WP4: Evaluation plans

To set-up the structure and minimum content of the evaluation plans

- Monitoring and Evaluation programme
- Capacity building activities
- Governance (coordination and governance arrangements of the bodies involved in monitoring and evaluating the CAP)
- Communication plan

and reporting framework for MS evaluations and evaluation plan implementation

# Tentative Planning (tbc)

Stage of the procedure	Dates/deadlines
Presentation of the process in GREXE Work on WP 1&2	17/09/2021
First draft of WP 3&4	From September to November 2021
Presentation of latest developments on WP 1&2 in GREXE	25/10/2021
Presentation and first discussion on the WP 3&4 in GREXE/GPW	November 2021
Development of all working packages within GREXE	From December 2021 to March 2022
First draft of the implementing regulation	End of March 2022
Validation of the IA drafting (CAP committee)	April - June 2022
Implementing regulation - Final version	June 2022
Start of ISC	1 <sup>st</sup> week of July 2022
Committee vote	October/November 2022
Adoption	November/December 2022
Publication	November/December 2022

**Comitology**
