

Nature Restoration Low e Foreste in Italia: Una Opportunità per un futuro sostenibile

Firenze, 25 novembre 2025

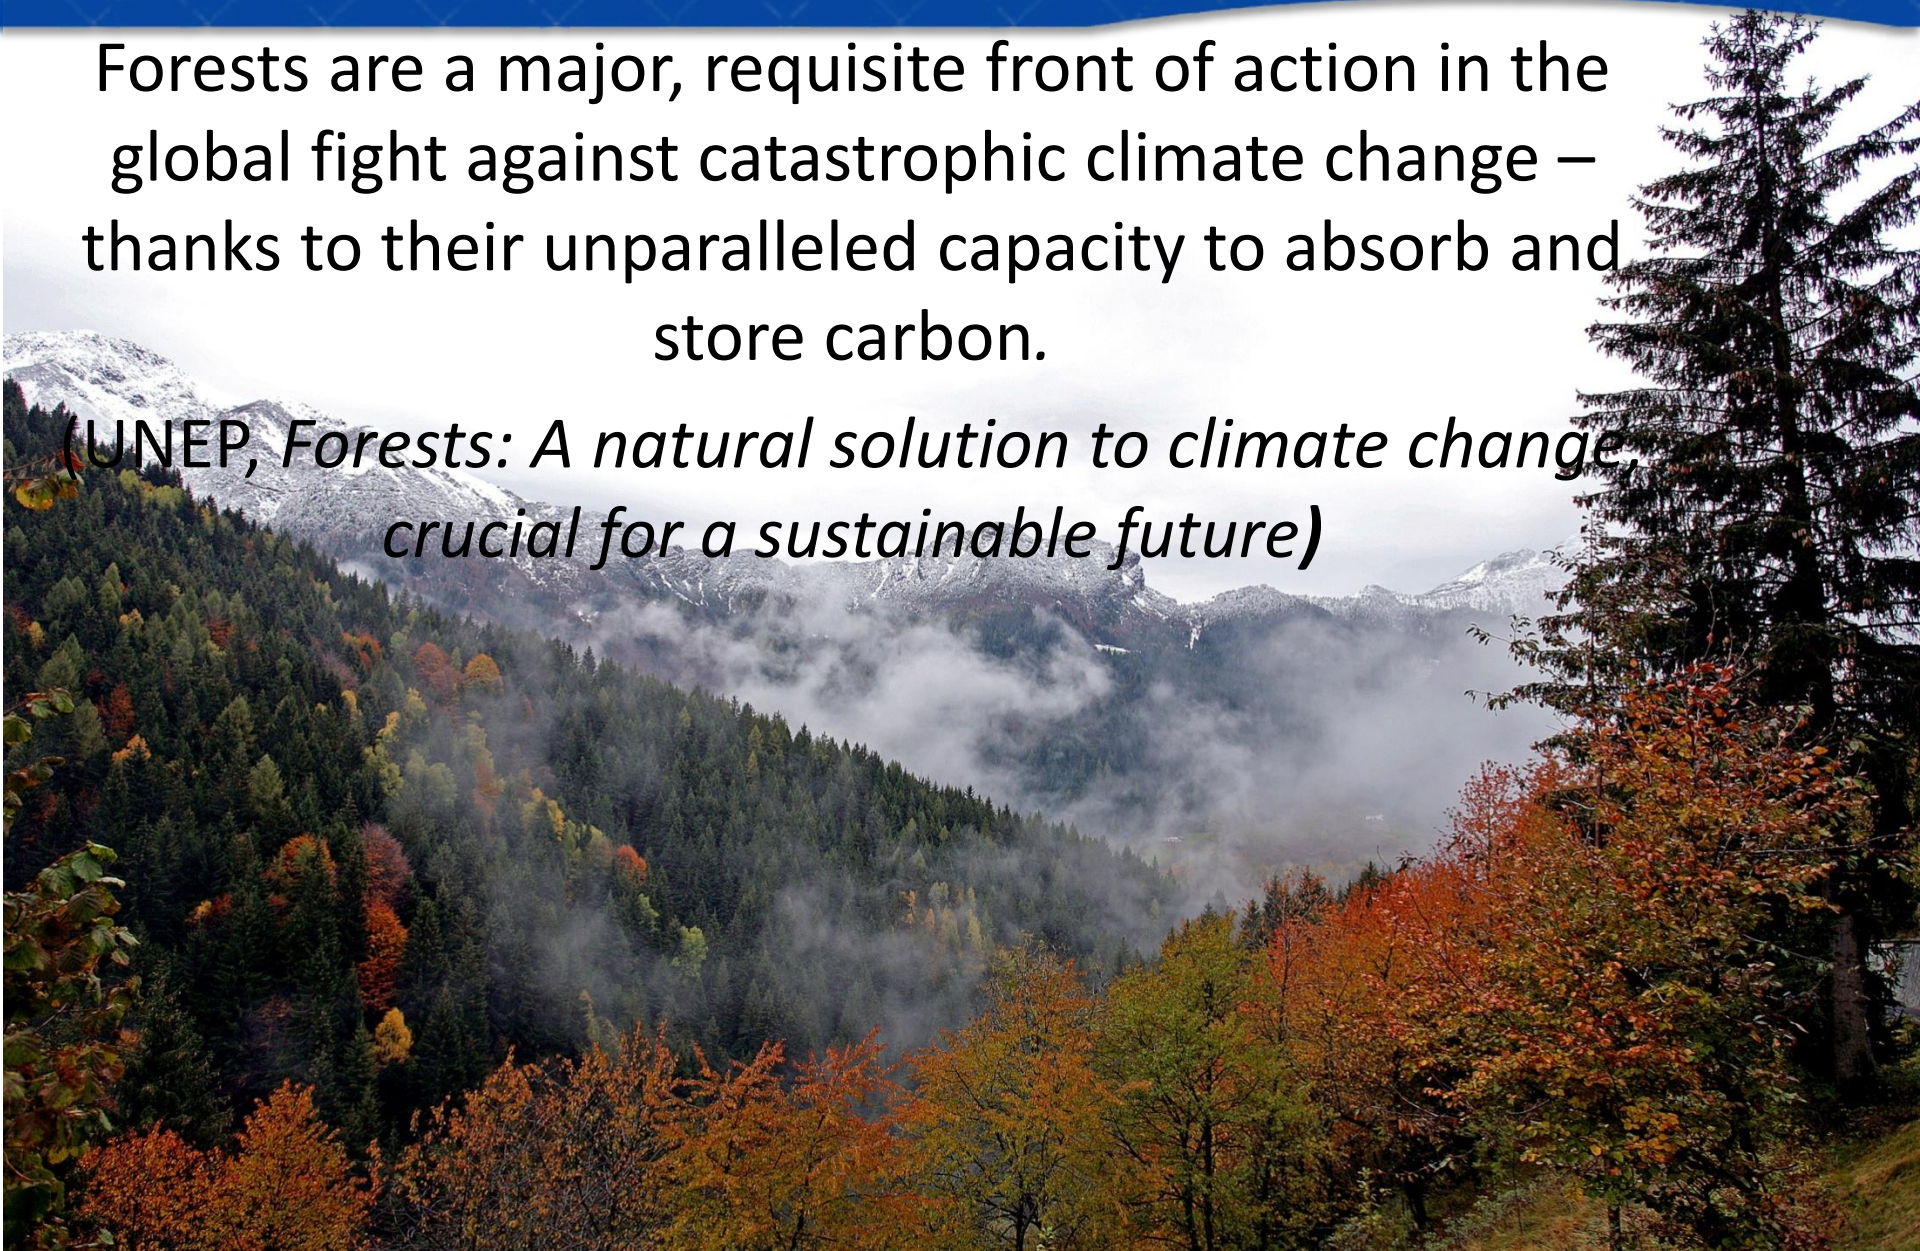

**Ruolo del Raggruppamento Carabinieri Biodiversità nella
conservazione e recupero ecosistemico delle Riserve
Naturali dello Stato**

**Gen. B. Raffaele MANICONE
Comandante del Raggruppamento
Carabinieri Biodiversità**

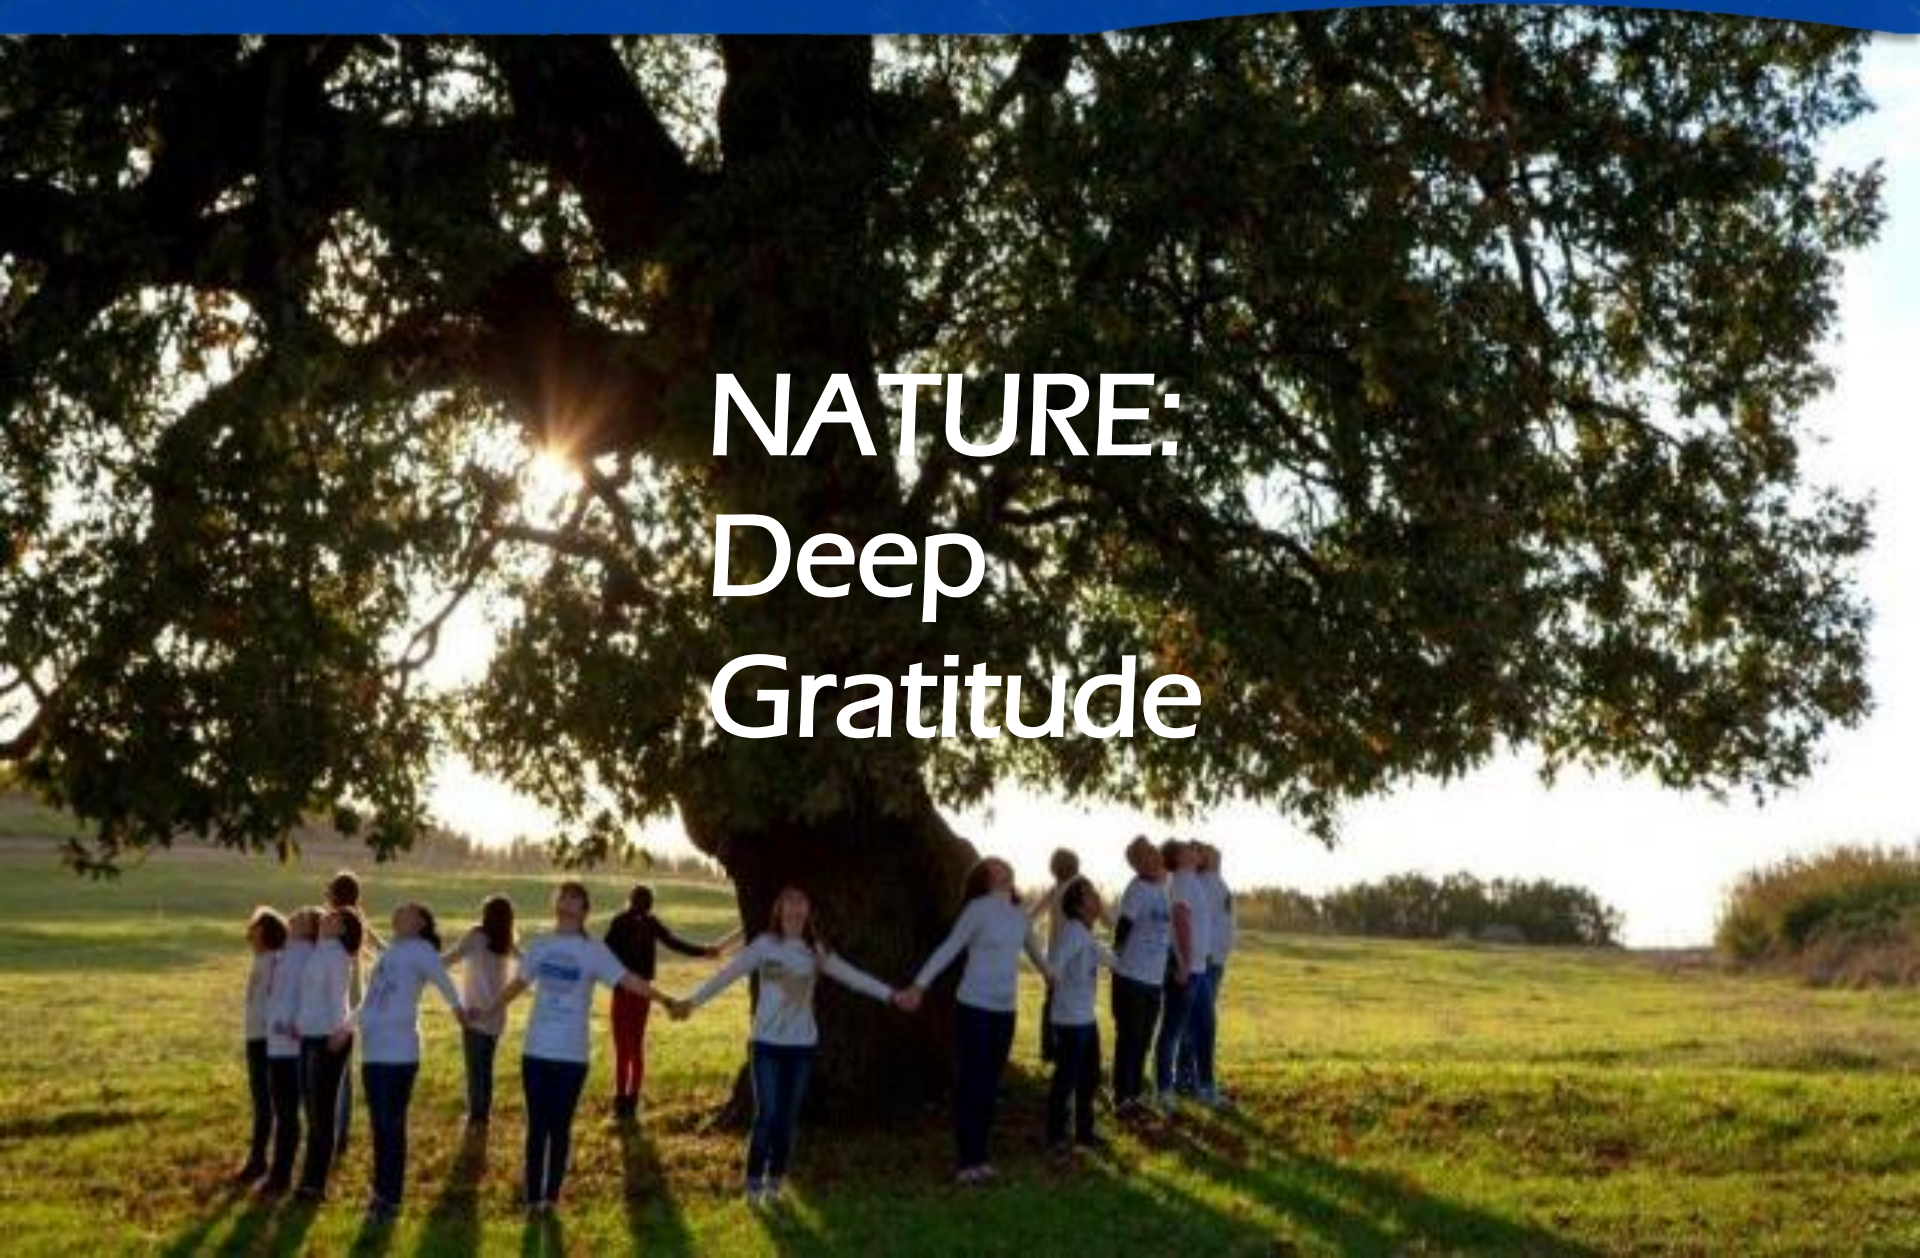

Forests are a major, requisite front of action in the global fight against catastrophic climate change – thanks to their unparalleled capacity to absorb and store carbon.

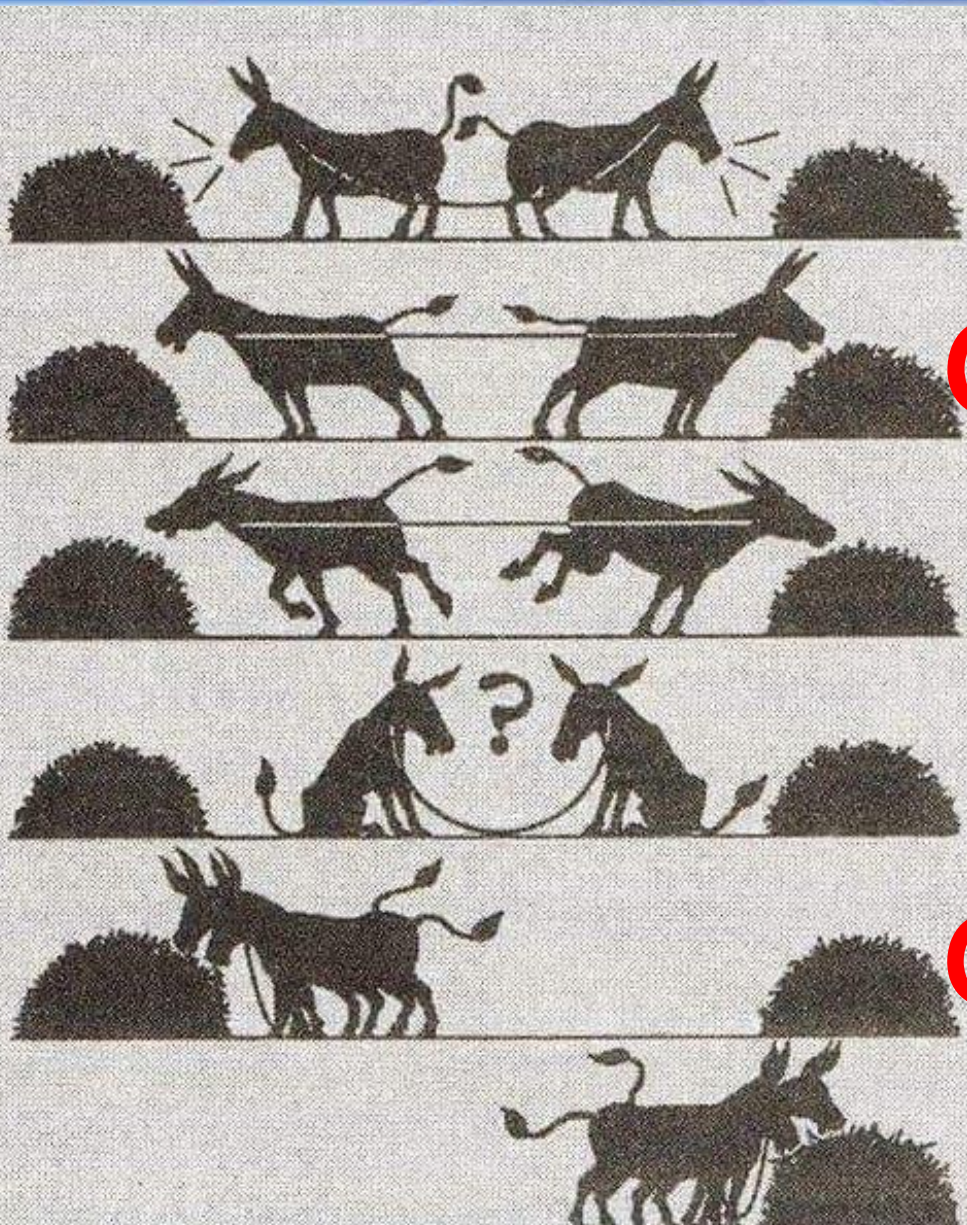

(UNEP, Forests: A natural solution to climate change, crucial for a sustainable future)

NATURE: Deep Gratitude

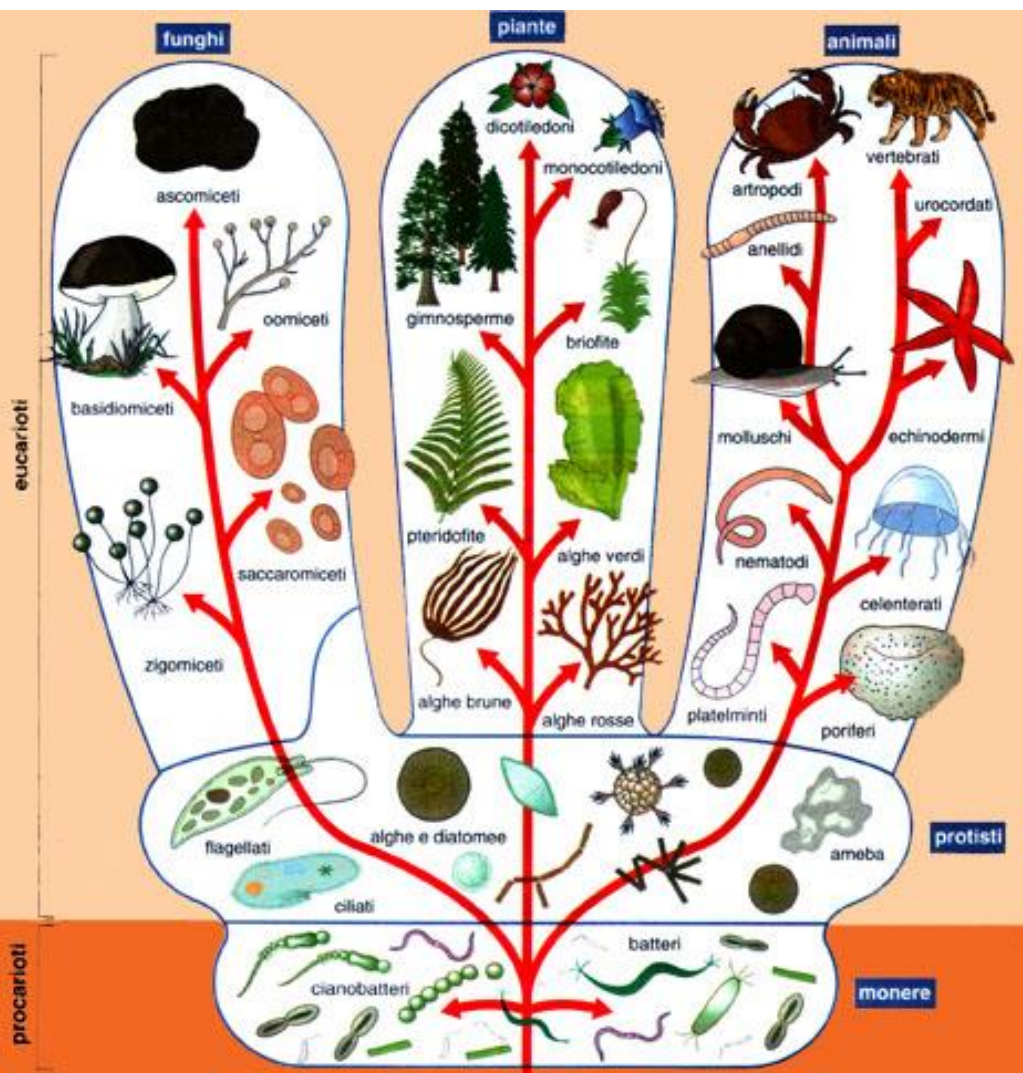

Competition

Collaboration

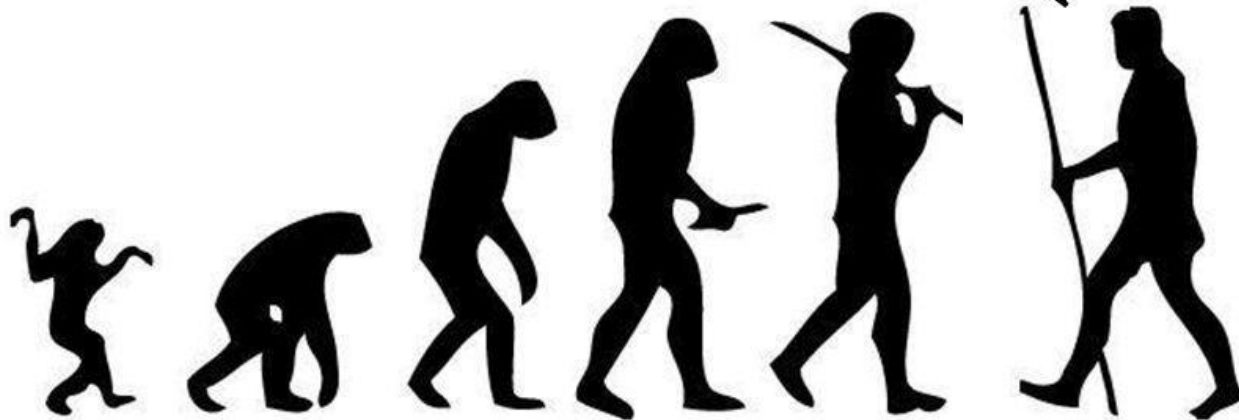

EVOLUTION: Competition VS Collaboration

**BASTA SEGUIRMI!
