OBJECTIVES:

- To provide information and awareness about features and principles of cooperation
- To provide support to the definition of cooperation projects
- To provide assistance about themes of interest for all the LAGs in order to improve the quality of cooperation projects
- To promote the integration between Leader cooperation and other European cooperation programmes

Some of NRN's activities supporting cooperation

Support to the definition of cooperation projects

Integration between Leader cooperation and other European cooperation programmes

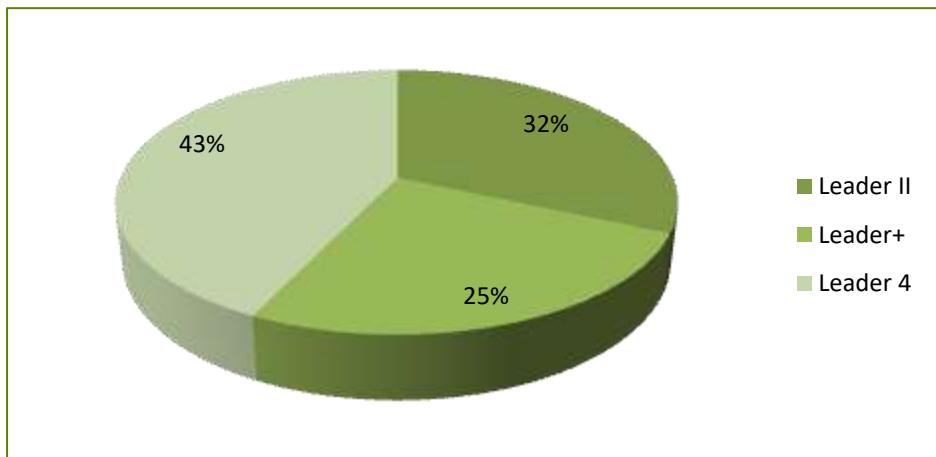

Network of the LAGs of the Alps

Information and awareness about features and principles of cooperation

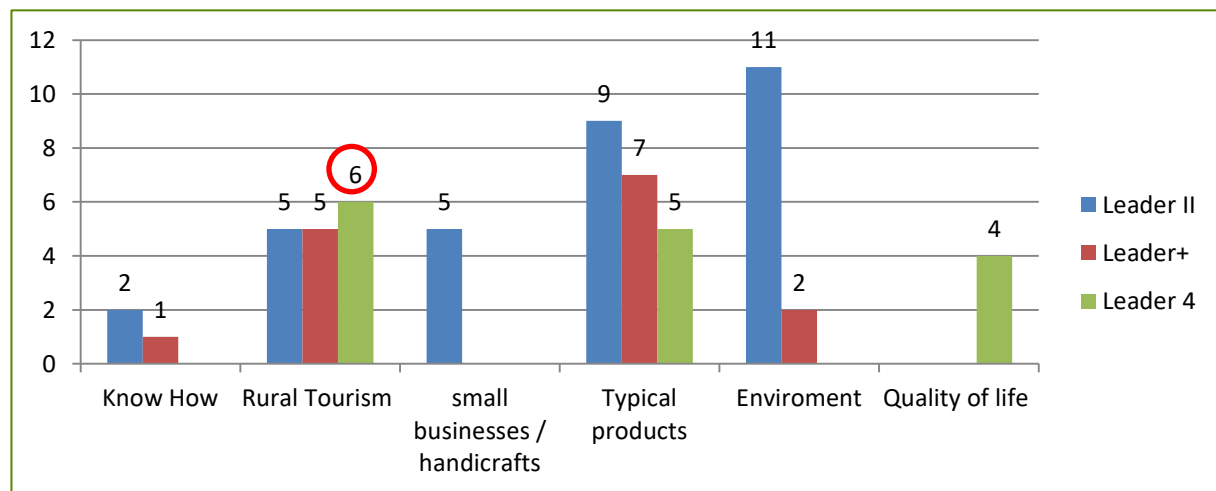

Italy – France in Leader Cooperation

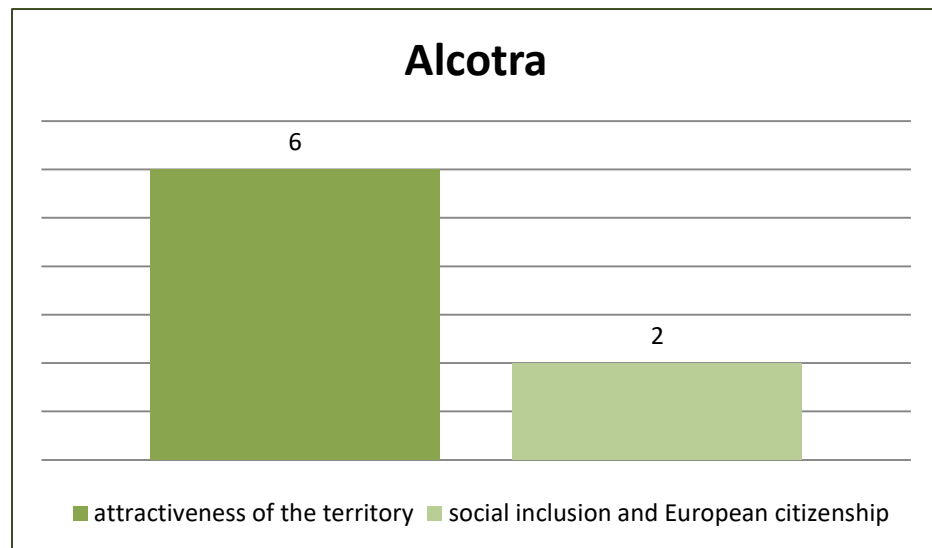

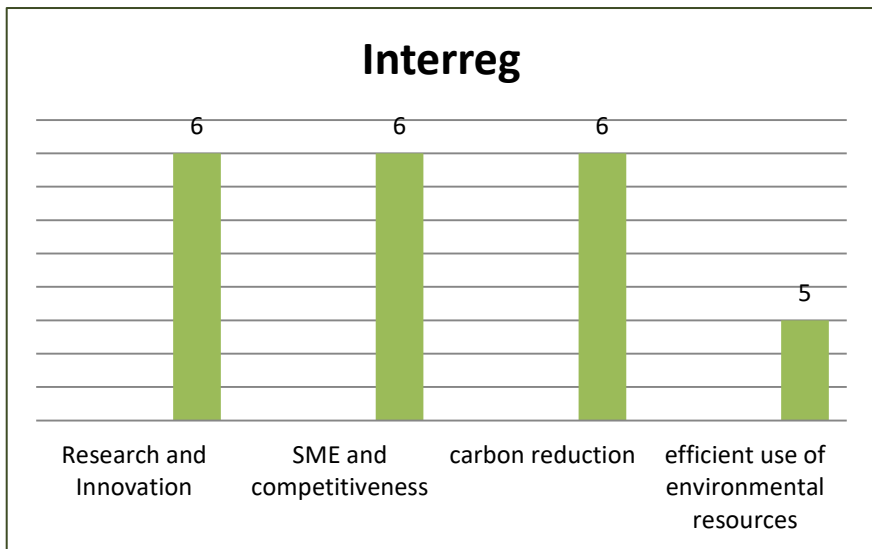

In spite of the decreasing number of TNC projects (37), the percentage of projects between France and Italy has increased

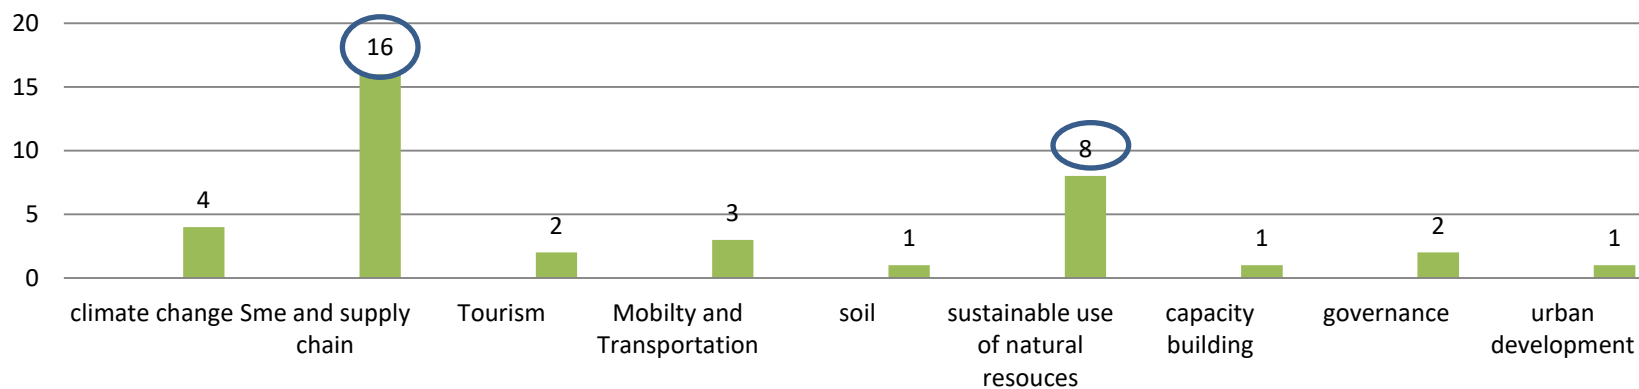

The development of local products is the most common theme shared during the 3 Leader programming periods

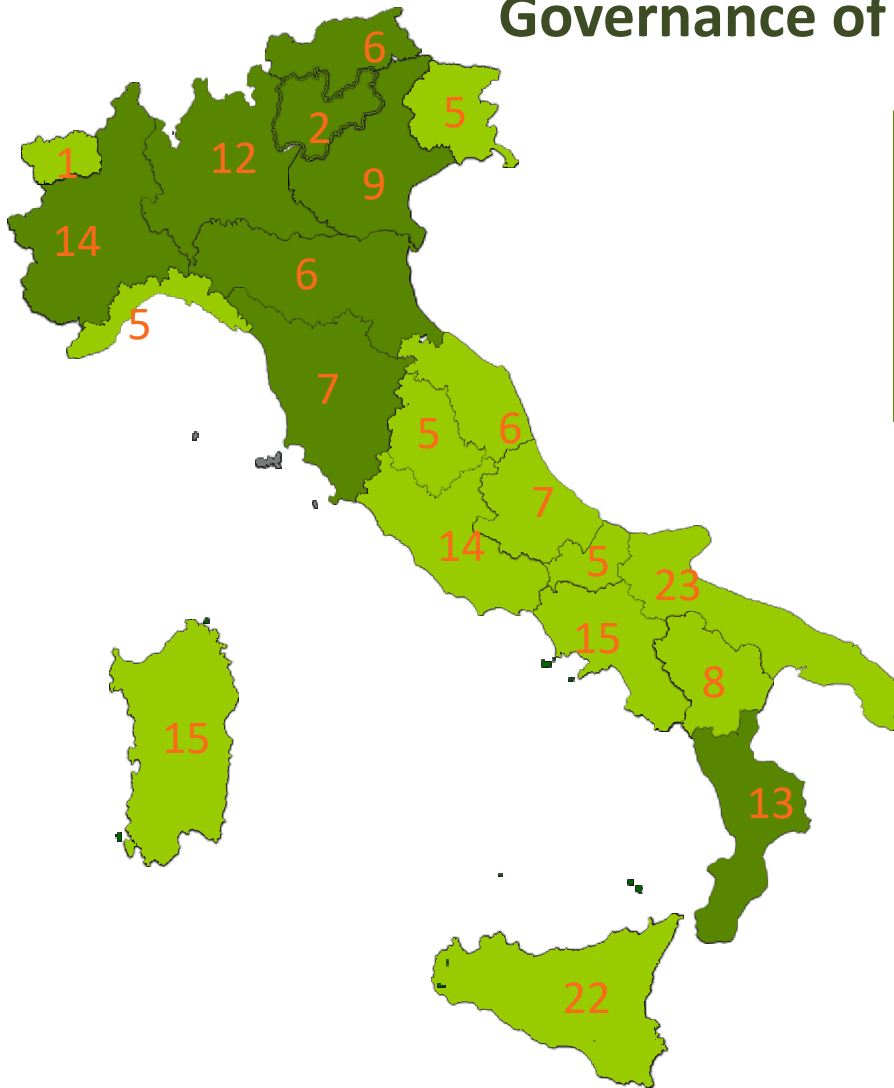

Italy – France in ETC

Italy - France Maritime

Governance of Leader in Italy
