### **Particularities of the RDP modification**

- increase of EAFRD contribution rate from 50 to 75 %
- introduction of only one new agri-environment sub-measure but
- Hessen has notified a pre-HC RDP modification with other new or amended sub-measures 214 in order to improve agri environmental effects
- Broadband: national support programme

### **Other elements combined with HC&RP modification which also need a decision:**

- The total EAFRD budget includes a reduction of EAFRD contribution resulting from a correction of the distribution of the existing modulation money among the German *Länder*
- Financial transfers > 1% of the total EAFRD amount within axis 2 and between axes, notably
  - to measure 121 – modernisation of agricultural holdings,
  - to measure 212 notably due to increase of natural handicap payments for farmers

### **Combination with other RDP modifications according to Article 6 (1) c) of Regulation EC n° 1974/2006**
