

**SCAR SWG AKIS 4 -3rd Meeting  
Budapest, 05-07<sup>th</sup> October 2016**

The SCAR SWG AKIS4 meeting in Budapest will be the third of the meetings proposed for the development of the mandate endorsed by the SCAR plenary in December 2015. This meeting will look to develop two particular topics identified in the mandate (1.B) **“Thematic interconnection and collection of expertise of interactive innovation projects at different levels”** and (1.C) **AKIS supporting Infrastructures** by exploring and benchmarking the several Interactive Innovation schemes in the EU member states and Regions and their related Infrastructures.

This meeting will also be the opportunity to fulfil the **widening objective** by having on board representatives from the whole EU member states (and particularly those who are not used to attend SCAR SWG AKIS meetings) and to have **presentations of the whole EU 28 AKIS**, complementary to the topics mentioned above.

Last, it's also foreseen to address the cross-cutting theme of the mandate on **(2.) Learning and feedback from interactive projects** by having presentations *from i) VALERIE Project, ii) FAO (Vision on AKIS) and iii) EIT (European Institute of Technology).*

**CHAIRS: Andrés MONTERO & Adrien GUICHAOUA**
