GAL GardaValsabbia2020

CREA - PB
Rome, 15th of December 2017

DESCRIPTION OF THE TERRITORY

GAL 2020 **GARDA VALSABBIA**

LAG GardaValsabbia2020 is in North Italy at the western side of Lake Garda. The key elements of the territory are:

- *Peculiar Alpine Landscape with mediterranean influences from the climate mitigation due to the big lake;*
- *Natural Park and several Natura2000 sites are included;*
- *High biodiversity with many endemic species;*
- *monothematic economical development due to tourism along the lake cost;*
- *Manufactorial economy in the lowest part of Valle Sabbia;*
- *Agricultural development in the southern part (Valtenesi -hilly area);*
- *Most of the mountain area is covered by (multifunctional) forests*
- *The main agricultural products are: mountain cheese, vine, olive oil;*
- *Disadvantages in the mountain areas: lack of opportunities, socio economical problems, ageing, abandonment.*

DESCRIPTION OF THE STRATEGY

Objective of the strategy

- *Increase the participative approach and the innovation to enhance the value and of agricultural and environmental productive chain.*

Themes

- *Cooperation and inter-sectorial agreements*
- *Training and technical assistance on the field*
- *Including young people in the development strategies*

DESCRIPTION OF LEADER COOPERATION

*The main interest is to share knowledge and create exchange experiences with LAGs interested to increase the motivation of the local communities testing **new participative approaches, training processes, cooperative experiences.***

*At second, there is an interest to build **specific and innovative projects** to enhance the value of some rural chain (cheese, wine, etc.)*

At last but not least it could be important to change experiences on the role of LAGs in the territory and in the local governance

A potential cooperation ideas is to study innovative approaches in rural policy design.

- 1 – Study and analysis - common study and comparative analysis on local governance and participation in each partner area;*
- 2 – dissemination, training and exchange of experiences;*
- 3 – Pilote project;*
- 4 - evaluation of the way of working of each territory from the other partner.*
