

The European Agricultural Fund
for Rural Development:
Europe investing in rural areas

LAGs Global Networks Seminar

Where? Hotel Ellivuori, Sastamala, Finland (www.ellivuori.fi - 2 hours from Helsinki airport, half an hour from Tampere airport)

When? 15th-16th June 2011

Background

One of the main objectives of the Finnish ELARD Presidency is LEADER method dissemination to new territories, both in Europe and beyond. ELARD's members have already accumulated a wealth of experience on cooperation with non-EU regions. What can we learn from this interaction? What are the LAG level benefits? How to best disseminate LEADER to new territories? The seminar looks for answers to these questions and promotes contact-building and cooperation with non-European territories. The seminar is targeted towards LAGs and national rural networks and its language is English. The seminar is organised by ELARD in cooperation with the Finnish rural network.
