

# Indicators for monitoring and evaluation of the CAP post 2013

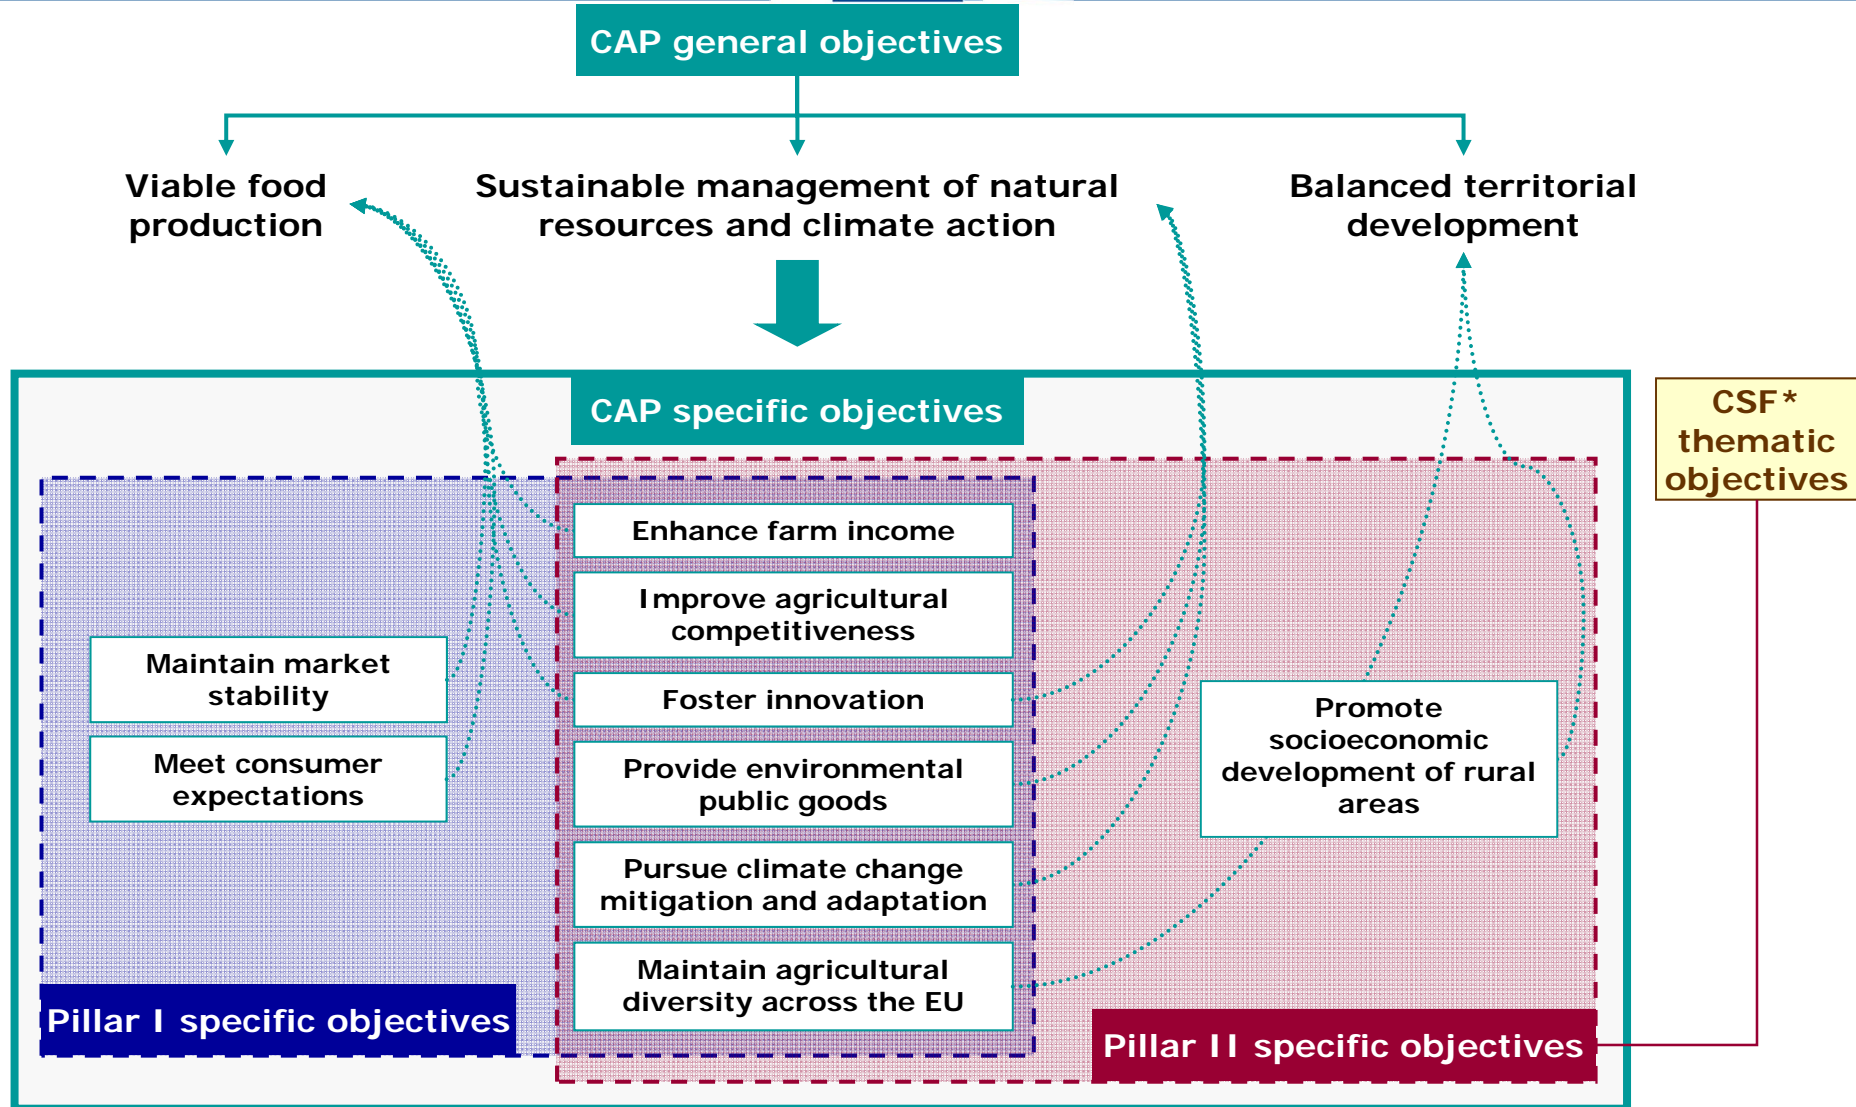

# Monitoring and evaluation post 2013

- *Monitoring and evaluation system post 2013 covers whole CAP*
- *Pillar II CMEF revised and brought in line with overall system*

# General and specific objectives of CAP

\*CSF: Common Strategic Framework including the EFRD, ESF, CF, EAFRD and EMFF

# Purpose of monitoring and evaluation

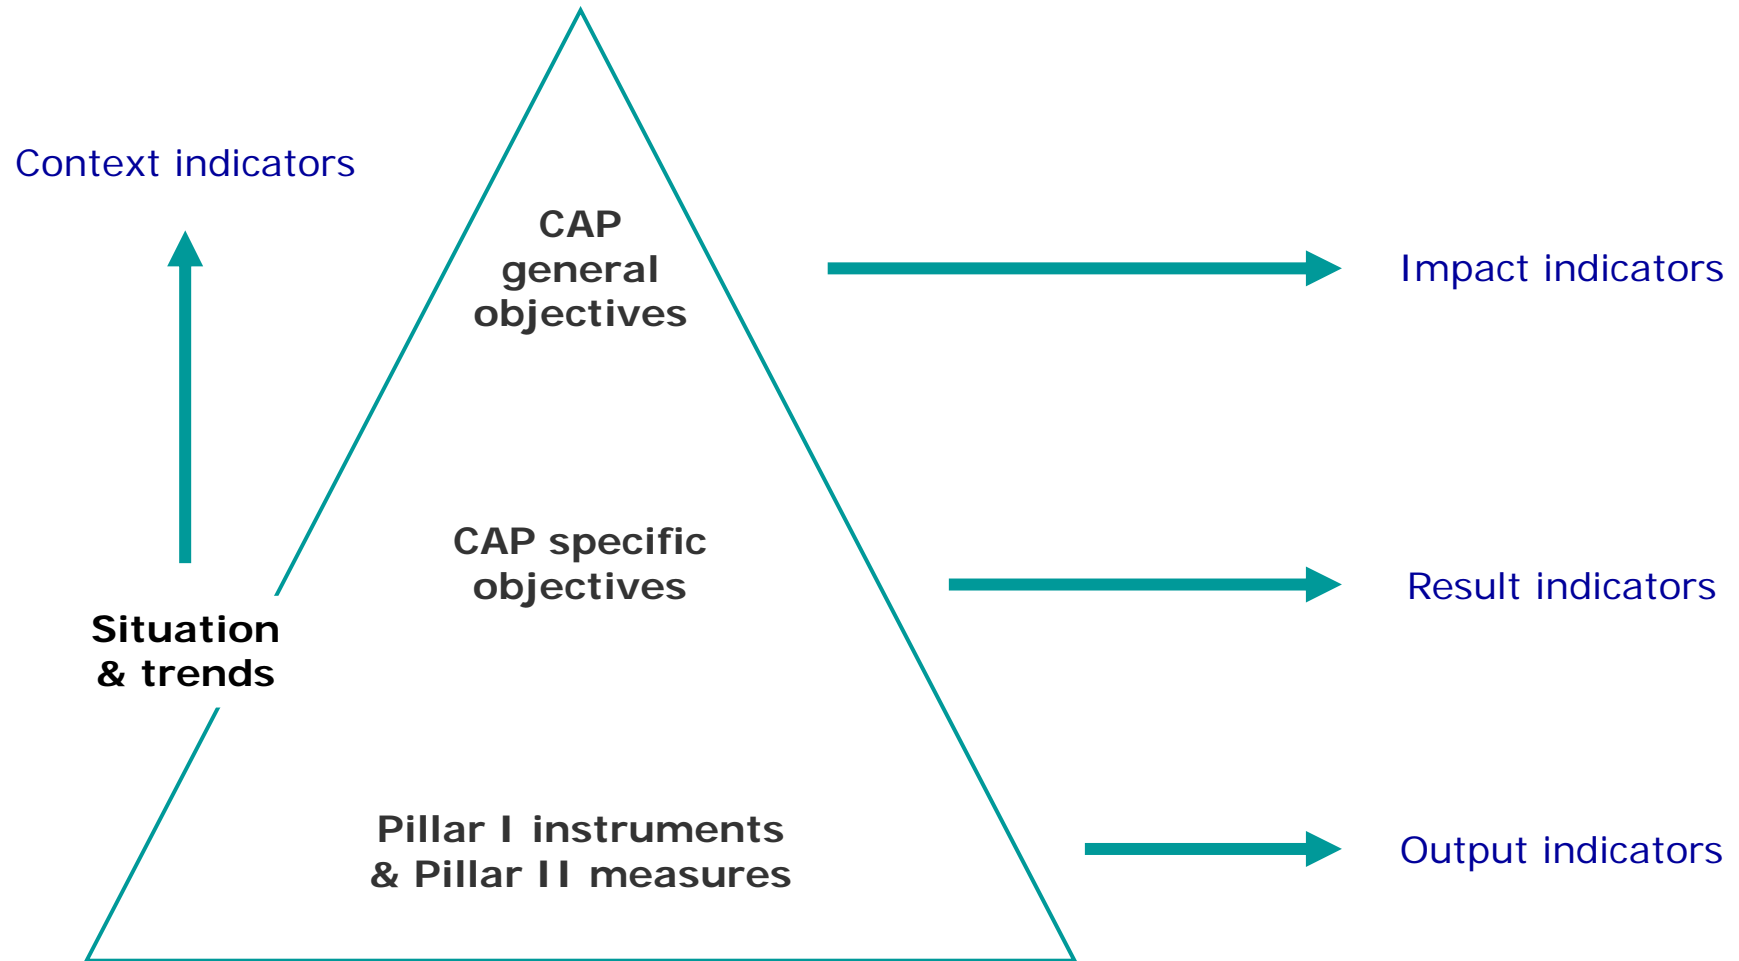

- *Evaluation is requirement for any policy using EU budget*
- *Monitoring and evaluation is opportunity to:*
  - *Assess performance of CAP (what does the policy actually deliver?)*
  - *Enhance CAP's acceptance and credibility*
  - *Receive input for policy steering*

## Discussions with Member States

- *Member States concerned about burden of system*
- *Commission develops system in close cooperation with Member States*
- *Process for post-2013 started with Stakeholder conference in September 2011, latest discussion 14-15 March*

# Indicator hierarchy

## Main concerns of Member States in 14-15 March meeting

- *high number of indicators*
- *burden of data collection*
- *need to take account of available data sources*
- *lack of feasibility and relevance of some of indicators*

## Adjustments to indicator proposals

- *List updated from perspective of consistency, data availability, simplicity and suitability*
- *Indicators based as far as possible on existing data sources and definitions*
- *For impact indicators, data collection and use mostly at Member State/EU level through established channels*
- *For Pillar II result indicators, several deleted and others modified/clarified*

## Discussion of indicators

- *Detailed discussion of indicator lists in today's meeting*
- *Before lunch break discussion of impact indicators, after lunch break discussion of result/output indicators*
- *Focus on indicators where most need for further discussion emerged in March meeting*
- *Written comments until 29 June appreciated*
