European Parliament

* Most of impact indicators are already collected via other channels (European statistics, JRC, EEA...) and used in the framework of other EU legislation or SDGs. The data collection frequency is not always annual and there might be 2/3 years delay. ** Directive on sustainable use of pesticides

*a Pollinator index will be implemented after their methodology will be set up by the Commission

* Proxies for results. Data notified annually by MS to monitor the progress towards the targets they established in the CAP plans.

*Data notified annually for their declared expenditure.

**Support to operational Groups under EIP falls under the provisions of cooperation.
