

#### **SWG AKIS**

Strategic Working Group on Agricultural Knowledge and Innovation Systems

Budapest Meeting
05 to 07th of OCTOBER 2016

FRANCE

VALERIE DEHAUDT – PASCALE RICCOBONI - ADRIEN GUICHAOUA

### 1.A) Characteristics of the French AKIS

- French AKIS is characterized by:
  - An AKIS system strongly structured by sectors (Coops)
  - Some strong research (INRA), applied research (ACTA) and advisory systems (Chambers of Agriculture + private) actors
  - Strong agricultural education system (primary and secondary)
  - Quite a lot of incentive R&I funding from the ministry of Agriculture
  - Some hard & soft Infrastructure improving knowledge flows
- Changes:
  - Regions became managing authorities and fund R&I
  - Regions have more R&I and economic programing capacities
- Barriers & Bottlenecks:
  - Academic research still disconnected from the farming sector (despite major improvement triggered by the EIP)
  - Need to improve the farming sector commitment in soft/hard infrastructure.

# 1.B) What are the themes of interest nowadays and for the next 10 years in your country?

#### Different kind of themes: Example of France

- Sectors: Livestock, cereals, grapevine, Fruits
- Cross-cutting/systemic themes: Agroecology, biomass
- Technological themes: Digital, Robotic, Genetic, Biocontrol
- AKIS themes: Open Innovation, Economics, Training/education

## 2) French Infrastructures

Kind of Infrastructure	Names	Places	Sector	Holder	Users	Funders
Research (Lab, processes)		All over France	All + cross- cutting	INRA IRSTEA	Research     Dairy     Companies     Technical     Institutes	<ul><li>INRA</li><li>ERDF</li><li>Private</li></ul>
Experimental stations	Around 300 over France	All over France	All + cross- cutting	<ul> <li>Technical Institutes</li> <li>Advisory services</li> <li>INRA</li> <li>Coop</li> <li>Private</li> </ul>	<ul> <li>Technical Institutes</li> <li>Advisory services</li> <li>INRA</li> <li>Coops</li> </ul>	<ul> <li>Technical Institutes</li> <li>Advisory services</li> <li>Region</li> <li>Projects</li> <li>Coops</li> </ul>
Observatory/ monitoring Networks	Farms Network	All over France	<ul><li>Livestock</li><li>Plant sectors</li></ul>	Farmers	<ul><li>Technical Institutes</li><li>Advisory services</li></ul>	<ul> <li>Technical Institutes</li> <li>Regions</li> <li>Advisory services</li> </ul>
Social media	LinkedIn Facebook		All	<ul><li>Chambers of Agriculture</li><li>Technical Institutes</li></ul>	<ul> <li>Technical Institutes</li> <li>Advisory services</li> <li>Coop</li> <li>Farmers</li> </ul>	Chambers of Agriculture     Technical Institutes
Digital Infrastructure	API-AGRO + national portal	No	<ul><li>Livestock</li><li>Plant sectors</li></ul>	ACTA Ministry	All RDI and farming sector	<ul><li>ACTA</li><li>Ministry</li></ul>
"Networks": RMTs / GIS / Living Labs		No location	ALL	ALL	All RDI + education + farming sector	<ul> <li>Ministry</li> </ul>

## 3.A) French Interactive Innovation projects

#### **Projects:**

- CASDAR (IP) Innovation & Partnership: RDI (RIA) projects involving research, Technical Institutes, Advisory services, Coop, Farmers, SMEs (4 years): 1 call per year / 500 K€ per project
- 2. CASDAR (RT) Technological Research: Innovation Actions projects gathering Research & technical Institutes & SMEs: Taking Risk / Higher TRL (2 or 3 years): 1 call per year / 300 K€ per project
- 3. **FUI (Ministry of Economics) :** Innovation Actions projects dedicated to "**Pole de compétitivité**" for collaboration between Enterprise and R&I actotrs: (3 or 4 years) 1 / 2 calls per year / 500 K€ per project

# 3.B) French Interactive Innovation Networks

#### "Networks":

- 1. **35 RMT: "Joint technological Networks" (Funded by CASDAR)** on cross-cutting themes on i) primary production & ii) Agrifood gathering all **RDI actors + education + farmers + Economics actors.** The networks aim to gather all relevant skills on a cross-cutting issue and are funded for 4 years. (renewal with new RMT & WP).
  - i) a specific Work plan (and related outputs and actions).
  - ii) the aim to generate projects for Casdar IP.
- **2. 30 UMT: "Joint technological Unit" (Funded by Ministry of Research)**: on specific themes (sunflower, water, Spraying, Grapevine Genetics) gathering Research & technical Institutes on **the same place.** (renewal with new RMT & WP).
  - i) A specific work plan (and related outputs and actions).
  - ii) the aim to generate projects for Casdar RT.
- 3. 6 GIS: "Groups of Scientific Interest" organized by sector (arable fruit- wine vegetables) gathering all RDI, economics and public policy actors and funded by INRA (50%) and the other partners.

# THANK YOU FOR YOUR ATTENTION!
