

# Progress of the EIP IMPLEMENTATION in Schleswig-Holstein

# Progress in EIP implementation

Deadline for the 1st official Call for projects was 31th October 2014

Improvements/ Adjustments of the EIP-project applications to the current EU-Guidelines were necessary and possible up to the 20th March 2015

20 Operational Groups applied for 20 Projects

The jury met in April and selected 17 Projects.

# Call for Operational groups

- The jury (selection group) is built up on 6 experts of the MA and 2 guests from neighbour MAs
- Selection criteria focussing:
  - -Quality of the OG?
  - -Quality of the Project, Level of Innovation, Sustainability ?
  - -Compliance with political development targets?
  - -Connections with research, new kind of cooperation?
  - -Range of the expected results
-

# Starting Operational groups

- Most of the EIP-Projects in SH are process innovations, there are hardly any product innovation
- Often great similarity to practical research projects
- + Farmers are involved and actively working in the projects
- - Only few companies are members of the OGs

# Linking the OG's to the broader EIP framework

- Overview of Operational Groups and Projects on our Webpage
- Series of Articles about the EIP-Projects in a professional farmer's journal
- Tools for collecting OG outcomes are still under development
- We are planning to link OG's with national research and Horizon 2020

# Brokering, networking and monitoring

## OGs:

Annual public EIP-Forum in September at NORLA-Fair

Thematic Workshops for Lead-Partners and OG-members

“Christmas-Meeting” to change experiences and developing a Regional EIP Network

## NSU:

Several Visits and meetings with colleagues from other regions

Change experiences and supporting the EIP process

# Outlook

## EIP Agrar in Schleswig-Holstein

Running Time of EIP :  
2015-2020 (two periods of three years)

Interim evaluation in 2017 (guidelines and innovation office)

The Next Call in SH is provided 2017/2018

# Thank you for listening!
