Reporting by MAs on the completion of action plans (2)

- Before uploading the letter in SFC, an **informal consultation** is recommended between the MA and the Commission (desk officer)
- One letter can relate to **more than one programme** (also OP and PA): all relevant CCI numbers need to be listed

• For RDPs the reporting should mainly address the **specific ExACs for rural development** (Part 4.1 of Annex I of the IA)

ExACs and programme amendment

- ESIF common position to **not amend the status of the ExAC**, nor their action plans, and deadlines after the first adoption
- Exceptions to this rule are only possible on a case-by-case basis, e.g.
 - Correction of clerical errors
 - Introducing 'missing' ExACs in case they were mentioned in the PA or national framework
